

The Leicester Friends of the OCHS presents

Hindu Approaches to Religious Pluralism

Lucian Wong Student of the
Oxford Centre For Hindu Studies

Religious plurality is a pervasive feature of the multi-cultural society in which we live, presenting challenges and opportunities to persons of faith. The existence of multiple and divergent religious currents is, of course, nothing new to Hinduism. This talk will explore the ways in which Hindu texts and traditions address the issue of religious pluralism. .

The Oxford Centre for Hindu Studies is an institute for the study of Hindu culture, religion, languages, literature, philosophy, history, arts, and society, in all periods and parts of the world.
